

BULLIS SCHOOL COMMUNITY WELLNESS PLEDGE 2020-2021 SCHOOL YEAR

Being part of a community requires collective responsibility to ensure the health and safety of all its members. To be clear on the School's expectations and community member responsibilities as it relates to health and safety, we have developed a Bullis School Health Pledge that we ask all families to sign and agree to abide by the following protocols and practices if we choose to participate in on-campus learning and activities.

My child(ren) and I promise to:

Monitor our health daily

- ☐ Comply with testing protocols required by Bullis, the State of Maryland, and Montgomery County.
- ☐ Participate in the daily screening of temperature and health-related questions using the Magnus Health app.
- ☐ Stay home if sick or with any COVID-19 related symptoms.
- ☐ Notify Bullis if directly exposed to someone who has tested positive for COVID-19, quarantine for the recommended period advised, and participate in any track and tracing deemed necessary by the School.

Help prevention on Campus

- ☐ Wear mask coverings at all times when indoors. When outdoors, wear masks on the playground, when interacting with others, and when physical distancing is not possible.
- ☐ Practice physical distancing, maintaining six feet of distance from other individuals.
- ☐ Wash hands with soap and warm water—or use hand sanitizer—frequently throughout the day, and practice respiratory etiquette.

Help prevention off Campus

- ☐ Limit non-essential travel as directed by the state or local governments, comply with state and local government travel advisories, and inform Bullis of any necessary travel that I/we must do.
- ☐ Consult with my healthcare provider about the flu vaccine in Fall 2020 and vaccine(s) for COVID-19 as vaccines become available.
